TO WHOM IT MAY CONCERN

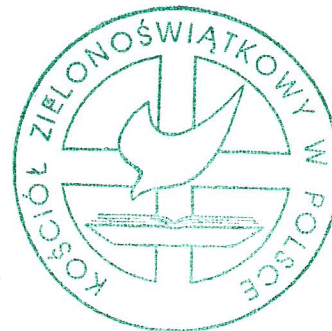

As the General Superintendent of the Pentecostal Church of Poland I would like to express my full support to the efforts of Rev. Wieslaw Didoszak, Pastor of "Betlejem" Pentecostal Church in Krakow. Thanks to God's provision they own the land on which they plan to start building their church facilities soon. This particular congregation has never, in its seventy-year history, owned proper facilities.

Pastor Wieslaw is man of God, full of passion for the work of God. Obtaining the proper facilities is a condition for further growth of this particular congregation. It is important to mention that this ministry is crucial for the Polish spiritual situation as Krakow as the second largest city of Poland is considered to be a key place for spreading the Gospel in our country.

I am grateful for any kind of support granted to Pastor Didoszak and his congregation.

Sincerely

Dr. Marek Kaminski
General Superintendent
